<p>General Notes and Comment's:</p> <ol style="list-style-type: none"> <li>1. Today was a wonderful two show day! Stage Management held opening the house by one minute in order to restart the lights but after that we had no problems for either show. We held the first performance for 5 minutes for a patron who was on their way.</li> <li>2. We had audiences of 18 for both performances. The audiences had great reactions to the show, in particular Becca's monologue.</li> <li>3. Performance 1 ran at 1:38:52</li> <li>4. Performance 2 ran at 1:37:44</li> </ol>		
Lighting/Electric:		
<ol style="list-style-type: none"> <li>1. Stage Management lost control twice before the first performance but restarted the board after both and then we had no problems. Waiting till the last possible minute before turning on the board definitely helps.</li> </ol>
